# MESSAGE FROM THE CHAIRMAN

On behalf of Hong Kong China Rugby (HKCR), I extend a warm welcome to everyone gathered on New Year's Day at the Hong Kong Football Club. The Youth Rugby Tournament is a fantastic way to kick off the New Year and a tradition dating back to 1967, meaning today is our 58th edition.

It has been an action-packed past twelve months for all of our Hong Kong China representative teams, as well as our match officials.

Our Men's 15s started the year with a clear goal: to win the Asia Rugby Men's Championship and, in doing so, qualify for a first-ever Men's Rugby World Cup. They did so emphatically, beating the UAE in Dubai, Sri Lanka at the Kai Tak Youth Sports Ground and finally Korea in a qualification decider in Incheon. From there we expanded our coaching staff and contracted 34 players to a full-time programme, playing matches against a Japan XV, the ACT Brumbies and Portugal as we gear up to challenges ahead. In December we also confirmed our opponents in Australia in 2027, as the Rugby World Cup Pool Draw placed us against hosts Australia, New Zealand and Chile.

Our Women's 15s once again secured the runners-up spot in the Asia Rugby Women's Championship this summer, thanks to an impressive win over Kazakhstan. A Select XV went on tour to Germany during the November Test window, where they beat the hosts and Belgium to lift the 3 Lander Cup - and the team is currently at a highest-ever global ranking of 16th place.

Our Men's and Women's 7s teams both won the Melrose Claymores at the 2025 Hong Kong Sevens, before kicking off the 2025/26 season at the Asia Rugby Sevens Series. The Men finished as Champions and, in the process, qualified for HSBC SVNS Division 3. Our Women finished fourth, only missing out on qualification to SVNS Division 3 after a golden point defeat in their final match of the series against Thailand. Both teams also made a return to the National Games, with the tournament hosted at Kai Tak Stadium. In front of a loud and proud crowd on a Friday evening at Kai Tak, our Men won the Gold Medal, while our Women battled back to finish fifth.

We were delighted to relaunch the Dragons Programme for both men and women this year, with the Men's Dragons Programme initially established in the 1990s. Both programmes develop players who are Hong Kong passport holders - ensuring a focus on local talent and a pathway for Hong Kong China-qualified players. These fall under wider World Cup legacy plans, with additional projects also being considered at senior, junior and mini levels.

At junior representative levels, in August's Asia Rugby U20s Sevens our boys won the series, while our girls finished as runners-up. In September's Asia Rugby U18s Sevens our boys came runners-up, with the girls finishing third. While the Men's 15s Asia Rugby

U19s did not take place, we did send a U20s team to Singapore to beat/play Singapore U20 and then play a Men's Dragons Barbarians team back in Hong Kong.

# MESSAGE FROM THE CHAIRMAN

Our referees continue to represent Hong Kong China Rugby at the highest levels of the game regionally and globally. Recent highlights include Sunny Lee refereeing the Women's Final at the Dubai Sevens, and Morgan White refereeing Japan XV against Australia A during the November Test window - as well as being Assistant Referee for the Test Match between Japan and Australia.

As we look into 2026, there is obviously a great deal about which to be excited. We will hold the 50th Anniversary of the Cathay/HSBC Hong Kong Sevens at Kai Tak Stadium from 17-19 April. We were delighted to host the first international sporting event at the stunning new venue in March 2025, as over 110,000 fans - including 10,000 overseas visitors per day - brought the magic of the Sevens to our new home. In 2026, Hong Kong will host the first round in the HSBC SVNS World Championship, retaining a three-day format that welcomes 30 teams to Hong Kong and treats fans to 72 matches.

In 2026, we also eagerly anticipate the new Men's Nations Cup and a revamped Women's WXV Global Series. Both tournaments give our 15s teams the chance to play Test Matches against teams from around the world who are in the same rankings bracket, which will give us a fantastic chance to test ourselves and improve.

As mentioned above, our Men's 7s recently qualified for SVNS Division 3. The team will head to Dubai in January, aiming to go all the way to the World Series when it arrives in Hong Kong in April. Our Women's 7s team's sights are now set on defending their Melrose Claymores title at the 2026 Cathay/HSBC Hong Kong Sevens, with both teams also already in preparation for the Asian Games, which will be held in Japan in September 2026.

Finally, our academy and pathway programmes are also gearing up for a big 2026 - with the performances and opportunities for our senior teams no doubt providing great inspiration to boys and girls across the rugby ecosystem in Hong Kong.

It takes an incredible effort from a great number of people to keep growing the game of rugby in Hong Kong. I sincerely thank our HKCR Board of Directors, professional staff, coaches, players, managers, referees, medical teams, committee members and other volunteers for their dedication to the work they do - much of which helps make today's Youth Tournament possible.

I would also like to extend our thanks to Hysan Development, alongside our other tournament partners and supporters, and to our wonderful hosts, the Hong Kong Football Club.

Wishing each and every one of you a healthy, positive and prosperous 2026.

**Chris Brooke**

Chairman, Hong Kong  
China Rugby

# MESSAGE FROM THE TOURNAMENT DIRECTORS

We welcome you to the 2026 New Year's Day Youth Rugby Tournament. This is a fantastic celebration of youth rugby in Hong Kong, with more teams and players than ever before - reflecting the growth and vibrancy of our game.

We are indebted and thankful to all those who have enabled today to happen. This includes our sponsors, headlined by the Hysan Development Company Limited; the youth community who have provided selectors/coaches and managers; the referees who have the unenviable task of keeping the game flowing; the numerous Hong Kong China Rugby staff for their professional organisation; the Hong Kong Football Club for a magnificent backdrop; and, of course, the parents of the participants, whose support is vital and should never be overlooked.

Most of all, we thank the players for their commitment, enthusiasm and performances that make this such a special day in the rugby calendar.

We will now let the day and games speak for themselves - enjoy the event and have a great 2026!

**Justin Baker & Kevin West**  
Tournament Director (HKCR)

# Hysan X HKCR

## Four Years of Building Tomorrow's Athletes, Together

中國香港欖球總會

Over the past four years, Hysan and Hong Kong China Rugby (HKCR) have been united by a shared vision: to support the next generation through the transformative power of rugby. What began as a sponsorship has evolved into a deep, co-creative partnership rooted in the community. Together, we have opened doors to professional rugby training for over 5,000 young athletes, nurtured elite talent through the Hysan Academy, and successfully expanded our regional hub model from Tin Shui Wai to Hong Kong Island. These tangible outcomes fuel our commitment to continue building a sustainable rugby ecosystem for Hong Kong's youth.

# OUR PLAYBOOK FOR PROGRESS

## Key Rugby Initiatives

Building on a strong foundation, we have launched key initiatives to structure a clear pathway from discovery to high performance.

- **Hysan Youth Regional Hub Initiative (New Expansion)**

Following the success in Tin Shui Wai, we have officially expanded this community-centric model to Hong Kong Island. The Hub connects schools, clubs, and local organizations to centralize training and development, fostering a vibrant local rugby culture.

- **Hysan Secondary School Pilot Programme (New Bridge)**

Launched in Wan Chai and Eastern District, this programme addresses the participation gap at the secondary level. It provides 12 schools with structured training and connects them to HKSSF competitions, with a pathway for talented players to regional hubs or the Hysan Performance Academy.

- **Hysan Youth Domestic League (Core Platform)**

Upgraded for the 2025/26 season, this league provides structured competition in 7s and 15s rugby, featuring the innovative Fast 15s format for younger groups. Results are now tracked via HKCR's GameDay platform, enhancing transparency and serving as a vital talent pipeline.

- **Hysan DARE Programme for Primary Schools (Grassroots Ignition)**

Our non-contact touch rugby series introduces over 3,000 primary students annually to the sport in a fun, safe environment, focusing on underserved districts and preparing schools for competitive play.

- **Hysan New Year's Day Tournament (Celebration of Youth)**

The 2026 tournament expanded significantly, reintroducing U14 categories and adding U16/U18 showcase matches, offering more youth players the chance to compete in the iconic New Year's Day tradition.

# MORE THAN A GAME: RUGBY FOR EVERYONE

Our vision extends beyond the pitch. We believe rugby builds resilience, teamwork, and community. From primary school introductions to elite pathways, we are committed to making the sport accessible and rewarding for every young person, ensuring everyone takes away lasting life skills and connections.

## WHERE COMMUNITY CONNECTS Family Time at Lee Gardens Area

Lee Gardens Area remains a premier destination for family enjoyment. Through nature-inspired play at Playdot, engaging talent workshops, and seasonal festivities, we provide inspiring experiences for families to create lasting memories together.
